

CSS Background Browser Support Table

Compatibility reference for all background properties

background-image data URI

Chrome: Yes (all). Firefox: Yes. Safari: Yes. Edge: Yes. IE11: Yes. IE8: No -- use PNG fallback.

background-size

All modern browsers: Full. IE9+: Full. IE8: Not supported.

Multiple backgrounds

All modern browsers: Full. IE9+: Full. IE8: No -- fallback: single background declared before multi.

background-blend-mode

Chrome: Yes. Firefox: Yes. Safari: Yes. Edge: Yes. IE: No support. Provide non-blended fallback.

background-clip: text

Chrome/Edge: -webkit-background-clip: text. Firefox: Yes (no prefix since FF49). Safari: -webkit- required.

background-attachment: fixed

Desktop: Full. Mobile Safari: Broken (renders as scroll). Do not use fixed on mobile.

round/space repeat

All modern browsers: Yes. IE: Partial. Use repeat with deliberate tile sizing as safe fallback.
