

Lighthouse Optimization Guide

SVG Pattern SEO, Core Web Vitals & Performance

About This Document

This reference accompanies the article: SVG Pattern SEO, Core Web Vitals & Performance

Read the full article at: <https://svgeneration.com/docs/pattern-seo-performance>

Article Summary

How SVG background patterns affect Google's Core Web Vitals LCP, CLS, FID and how to optimise for search ranking.

Structured Data & Pattern Pages

Pattern gallery pages like SVGeneration benefit from TechArticle or CreativeWork schema markup. For each pattern page, add JSON-LD with name, description, author, and license properties. Google surfaces structured data in rich results for creative content, potentially increasing click-through rates from search.
